NOTE -

With much sadness we note that Art Evans, a member of our Society since 1976, passed away on Sept. 4, 1980. We met Art when he came to one of our first meetings to invite our Society to participate in the Reenactment of the Driving of the Golden Spike. He was president of the Santa Clarita Historical Society at the time. I have many fond memories of Art - walking down the endless railroad tracks discussing plans for the celebration, looking for the exact spot where the original Golden Spike was driven and looking for artifacts around Lang Station and the Hotel. Between the two societies, the celebration was an event that went down in history. Art & Betty has supported us in many of our functions and has never missed any of our dinner meetings. There was never a dull moment at his Christmas parties which were attended by many members of our society. He was such an enthusiastic person, and he will be sorely missed.
