### "CHINATOWN LOS ANGELES: YESTERDAY AND TODAY"

Emcee: *Keye Luke*

•What's the oldest building in Chinatown Los Angeles? What does it look like?  
Why has Chinatown Los Angeles had so many locations?

•Join us for a fascinating night of living local history and learn some of the  
answers!!

•The Society is proud to introduce

"Chinatown Los Angeles: Yesterday and Today",

a Chinatown community project endorsed by the LA 200 Committee as an official Los Angeles Bicentennial Event. The three parts of the project will be described: guided historical walking tours in Chinatown, an audio-visual slide show on the history of the Chinese, and a comprehensive historical booklet on the layered ethnic Chinatown neighborhood. The evenings' program will present slides of Chinatown. Many of these, dating back to the 1880's, have never been publicly shown.

•Join us for an enjoyable and informative evening. Support us in what promises to be a major community event celebrating Los Angeles' 200th birthday.
