DR. CHARLES WONG AND STAFF

The California Council for the Humanities recently awarded our Society a small planning grant. With this and a subsequent operational grant, the Society will sponsor a series of guided educational tours of Los Angeles Chinatown during 1981. The objective of the Chinatown tours will be to inform the general public, the ethnic Chinese Community, and educational, historical, and cultural groups about the evolution of Los Angeles Chinatown and its people.

Come learn about the details of the proposed project. The key to this project is your participation and adventuresome support.
